

N-VOLST-W

Stereo, 2 x 20 watts Niko volume control, white

N-VOLST is a stereo 2 x 20 watts low impedance volume control. The Niko series of volume controls has been developed especially to fit the coverplates, the timeless design, warm character and soft lines of Belgian Niko controllers.

The N-VOLST is protected against overload and is easily mountable and fit into any interior. Add that little extra touch of refined class to your home or business interior.
